

Altona has positive results from Roseby

PUBLISHED: 24 Jan 2011 07:26:03

Altona Mining announced positive results from a 20-hole, 4127m RC drilling program at the Roseby Copper Project near Mount Isa in Queensland. Numerous thick intersections, at similar grades to existing resources, highlighted the potential for strike extensions of up to 500m at each of the three deposits tested.
